- Creativity
- Resourcefulness
- Dedication

— EXPERIENCES / TRAINING —

— PASSIONS —

When i'm not banging my head against some code, you will find me with a pen and a piece of sheet, i've made my college education in art and still like to spend time creating illustration, painting or writing.

Passionate about ocean, nature and wildlife i'm a diver strongly involved in marine conservation since my first diving trip and totally fall in love with the philosophy, sensation and mindset of this discipline.
