- **05/2019 - 08/2019-> Trainee @Gambit Financial Solutions**

PASSIONS

When I'm not banging my head against some code, you will find me with a pen and a piece of sheet, I've made my college education in art and still like to spend time creating illustration, painting or writing.

Passionate about ocean, nature and wildlife I'm a diver strongly involved in marine conservation since my first diving trip and totally fell in love with the philosophy, sensation and mindset of this discipline.
